

**NEW YORK LOCAL GOVERNMENT ASSISTANCE
CORPORATION**

ANNUAL INVESTMENT REPORT

(Pursuant to Section 2925 of the Public Authorities Law)

FOR THE FISCAL YEAR ENDING MARCH 31, 2007

A report to: Division of the Budget
 Office of the State Comptroller
 Senate Finance Committee
 Assembly Ways and Means Committee

INTRODUCTION

In accordance with Sections 2925(6) and 2925(7) of the Public Authorities Law, Part 201 of Title Two of the New York Code of Rules and Regulations, and as required by the New York Local Government Assistance Corporation's Investments Policy, Procedures, Reporting and Control Guidelines (the "Guidelines"), the Corporation shall annually prepare and approve an Investment Report.

The organization of this report is structured to conform with the prescribed format specified in the section on "Required Reports" of the Guidelines. Section I of this Annual Investment Report contains the Corporation's Guidelines that were most recently reapproved by the Board on July 24, 2007 pursuant to Resolution 2007-14. There have been no amendments to the Annual Investment Guidelines since last approved. Section II contains a concise explanation of the Guidelines. Section III summarizes the recorded results of the Corporation's investment activity for the year ended March 31, 2007 and a schedule of the primary dealers used for the Corporation's investment transactions during its 2006-07 fiscal year. Section IV contains the Independent Auditors' Investment Audit Report for the fiscal year ended March 31, 2007. Pursuant to the Exclusive Agent Agreement between the Corporation and the State Comptroller (the "Comptroller"), as amended the Corporation had delegated the responsibility of investing the Corporation's monies to the Comptroller.

After the Corporation's Board has reviewed and accepted this Report, copies of the Report will be submitted to the Division of the Budget, the Senate Finance Committee the Assembly Ways and Means Committee and the Office of the State Comptroller in accordance with the Corporation's Guidelines.

SECTION I

INVESTMENTS

POLICY, PROCEDURES, REPORTING AND CONTROL GUIDELINES

OF

THE NEW YORK

LOCAL GOVERNMENT ASSISTANCE CORPORATION

Dated July 24, 2007

**As last amended by Resolution No. 2007-14
on July 24, 2007**

NEW YORK LOCAL GOVERNMENT ASSISTANCE CORPORATION INVESTMENT GUIDELINES

INTRODUCTION

Pursuant to the Exclusive Agent Agreement between the New York Local Government Assistance Corporation ("Corporation" or "LGAC") and the Comptroller, the Corporation has delegated the responsibility of investing the Corporation's monies to the Comptroller. In addition, various investment restrictions and procedures are contained in the Corporation's Bond Resolutions.

These guidelines refer to various officers and employees of the Office of the State Comptroller. Each of such officers and employees designated in these Guidelines shall be deemed to be acting on behalf of LGAC when performing duties described in the Guidelines with respect to LGAC investments.

STATEMENT OF POLICY

The basic guide for the investment of monies held on behalf of or in the custody of the New York Local Government Assistance Corporation is the "prudent person rule". The "rule" provides that fiduciaries are required to exercise the same diligence and prudence in the care and management of other people's money as they would their own. In addition, the rule provides that investments should be made in such a manner so as to seek a reasonable income while preserving capital.

Beyond the "prudent person rule," the investment of LGAC monies is made in accordance with Section 98a of the State Finance Law, by the various Bond Resolutions of LGAC, the Payment Agreement between the Corporation and the Director of the Budget, and the provisions of Part 201.3 of Title Two of the New York Code of Rules and Regulations (Part 201.3) as promulgated on March 29 2006.

INVESTMENT OBJECTIVES

The objectives of the investment program for LGAC monies are:

1. To safeguard the principal as the primary objective;
2. To obtain the maximum yield consistent with safety of principal;
3. To develop a portfolio which will emphasize quality, flexibility, diversity (where possible), and marketability; and
4. To maintain the tax-exempt status of LGAC's debt.

INVESTMENT STANDARDS

These objectives have been implemented through the development of the following standards which, while subject to continual review, provide the criteria against which investment decisions must be judged.

- A. Statutory - No investment of LGAC monies may be made unless it is an Authorized Investment. However, the converse is not to be inferred. The fact that there is authorization for a particular type of investment is not sufficient ground for making such an investment. Fiduciary judgment is essential and will be exercised in all cases.

B. Administrative - Procedures are maintained to ensure that:

1. Only high grade securities are purchased;
2. Every purchase or sale is in accordance with the Bond Resolutions, the investment policies adopted by the Board of Directors, and Part 201.3 as promulgated on March 29, 2006;
3. Every purchase or sale is approved by an authorized officer of the Corporation or the Comptroller.

AUTHORIZED INVESTMENTS

The Comptroller is authorized to invest monies that are on deposit with the Trustee in the following funds held under each Resolution:

Local Assistance Payment Fund
Operating Fund
Cost of Issuance Account
Rebate Fund
Subordinated Payment Fund
Debt Service Fund (restricted to authorized investments stated below)
Capital Reserve Fund (restricted to authorized investments stated below)

Accounts and sub-accounts within each of the foregoing funds or temporary accounts for the payment of costs of issuance or capitalized interest may from time to time be established in accordance with a Series Resolution or upon the direction of the Corporation.

The Corporation and the Comptroller agree that monies in the Local Government Assistance Tax Fund (restricted to 1, 3, and 4 below) will be held in the custody of the Comptroller and the Commissioner of Taxation and Finance and will be kept separate and not commingled with other monies and will be invested in Debt Service Fund Investments pursuant to the Resolutions. In accordance with the Bond Resolutions, to the extent such funds are not so invested, the Comptroller will, upon receipt, deliver such monies to the Trustee.

A. To the extent permitted by law, the following are the Authorized Investments for the Capital Reserve Fund.

1. Any bonds or other obligations which as to principal and interest constitute direct obligations of, or are unconditionally guaranteed by, the United States of America including inflation index securities and Treasury Strips issued by the Federal Reserve Bank;
2. Direct and general obligations of New York State, provided that the rating thereon shall not be less than the rating on the Corporation's Bonds, each as established by Fitch Ratings, Moody's Investors Service and Standard & Poor's, if and to the extent that such firms continue to maintain a rating on the Corporation's Bonds and on such obligations of the State;
3. Certificates of deposit, whether negotiable or non-negotiable, issued by any bank or trust company having a combined capital and surplus of at least \$50,000,000 organized under the laws of any state of the United States of America or any national banking association (including the Corporation's Trustee), which certificates of deposit are fully insured by the Federal Deposit Insurance Corporation or fully secured by such securities as are described in paragraph (1) above, but in any event collateralized to the level required by each

of the rating agencies referred to in paragraph (2) if and to the extent such firms maintain a rating on the Corporation's Bonds;

4. Any Purchase and Sale of Securities (simultaneous purchase of a permitted investment with an agreement to sell it back to the seller) ("PSS") with any bank or trust company organized under the laws of any state of the United States of America and authorized to do business in the State of New York or any national banking association (including the Corporation's Trustee) or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York with respect to any one or more of the securities described in paragraph (1) above;
5. General obligation bonds and notes of any state other than New York State and, to the extent permitted by law, general obligation bonds and notes of any political subdivision of the State or any state, provided that such bonds and notes receive the highest rating from each of Fitch Ratings, Moody's Investors Service and Standard and Poor's, if and to the extent that such firms continue to maintain a rating on the Corporation's Bonds and on such bonds and notes.

B. The following are Authorized Investments for the Debt Service Fund.

To the extent permitted by law, and to the extent the securities are legal investments for the Corporation, the Authorized Investments for monies in the Debt Service Fund are as described in (1), (3), and (4) under Authorized Investments for the Capital Reserve Fund.

C. Monies on deposit in any other funds or accounts held by the Trustee as listed above may be invested pursuant to Section 98a of the State Finance Law.

DIVERSIFICATION REQUIREMENTS

In order to safeguard principal from imprudent risks, it is the policy of LGAC, where possible, to diversify a portfolio among the investment instruments which it may legally and prudently hold and also among investment firms with which it transacts business. However, since LGAC is legally limited in the type of securities it may invest in, the opportunity to diversify among investments is very limited. The terms of each investment will be consistent with LGAC's cash liquidity requirements. The term of Repurchase Agreements will be for periods no longer than ninety days.

QUALIFYING INVESTMENT BANKERS AND BROKERS

- A. An approved list of financial institutions shall be established for each type of investment based on applicable law, bond resolutions and upon the qualifications of investment bankers, brokers, agents, dealers and other investment advisors and agents which transact business with LGAC. In addition a list shall also be maintained of approved security broker/dealers selected by creditworthiness. All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:
 1. Audited financial statements;
 2. Proof of National Association of Securities Dealers (NASD) certification;
 3. Proof of state registration;
 4. Completed broker/dealer questionnaire (Exhibit C)
- B. To ensure safety of principal, the Comptroller has established criteria, consistent with the Bond Resolutions, applicable law, and Part 201.3 as promulgated on March 29, 2006, for

qualifying investment bankers, brokers, agents, and dealers ("Authorized Investment Bankers and Brokers") with whom LGAC may transact investments. These criteria are:

1. From the list of recognized reporting government securities dealers, the Deputy Comptroller responsible for the daily investment operation designates the Authorized Investment Bankers and Brokers eligible for PSS investments.
2. As market conditions and the financial viability of the reporting government securities dealers changes, the Short Term Investment Officers are responsible for revising the lists of Authorized Investment Bankers and Brokers.

If it is necessary to use a banker or broker that is not an Authorized Investment Banker and Broker under the above criteria, then a written waiver must be signed by an authorized officer of the Corporation permitting such an investment. (See Exhibit A for authorized waiver.)

DEALER LIMITATIONS

Each recognized Authorized Investment Banker and Broker is restricted as to the total dollar amount of outstanding PSS investments which may be placed with them at any point in time. Such restrictions are based on the size and quality of the Authorized Investment Banker or Broker as well as the Short Term Investment Officer's judgment concerning the ability of the various Authorized Investment Banker and Broker to effectively engage in the quantity and quality of required investments. In no event shall the total amount of such investments exceed the designated dollar limitation established by the Comptroller or an authorized officer. It is the responsibility of the Short Term Investment Officer to revise the dollar limitations as market conditions and the financial viability of the Authorized Investment Banker and Broker change.

If circumstances arise where it becomes necessary to exceed the designated dollar amount authorized, a written waiver must be signed by an authorized officer of the Corporation or its designee permitting such an investment. (See Exhibit B for authorized waiver.)

PURCHASE AND SALE OF SECURITIES ("PSS")

It is the Comptroller's policy to regard a Repurchase Agreement as a simultaneous purchase of a permitted investment with an agreement to sell it back to the seller (a "PSS"). The term and yield of the PSS is fixed at the time that offers are being sought from an Authorized Investment Banker or Broker. The Comptroller concurs with the recommendation of the Federal Reserve Bank of New York and the Association of Primary Dealers regarding repurchase agreements and marks to market the securities purchased under a PSS. The custodian of any securities purchased under a PSS shall not be the same party that is selling the securities to the Corporation. A custodial bank shall be a member of the Federal Reserve Bank or maintain accounts with member banks to accomplish book-entry transfer of securities to the credit of the public authority.

A properly executed Master Repurchase Agreement must be on file with the Comptroller and the Trustee in a form approved by the Deputy Comptroller for Pension Investment and Cash Management before entering any PSS transaction. As in any purchase of securities, the Corporation's Trustee or other fiscal agent is instructed not to release the funds to the seller until the securities have been delivered according to the Cash Management Unit's (CMU) instructions. The Master Repurchase Agreement shall include:

- 1) The events of default which would permit the purchaser to liquidate the pledged collateral;
- 2) The relationship between parties to the agreement, which shall ordinarily be purchaser and seller;

- 3) Procedures which ensure that the public authority obtains a perfected security interest in the securities which are the subject of the agreement;
- 4) The method of computing margin maintenance requirements and providing for timely correction of margin deficiencies or excesses. Specific guidelines regarding margin maintenance shall be established, taking into consideration:
 - i) the type of collateral or purchased security;
 - ii) the maturity of the collateral or purchased security;
 - iii) the method by which additional margin will be maintained; and
- 5) Circumstances, if any, under which substitution of securities subject to the agreement shall be permitted.

INVESTMENT DECISION PROCESS

To ensure that the Comptroller exercises his fiduciary responsibility on behalf of the LGAC for each investment transaction, the following decision making process has been established:

1. The Comptroller appoints the Deputy Comptroller of Pension Investment and Cash Management and empowers the Deputy Comptroller with the ability to buy and sell securities on behalf of the Comptroller and to execute all agreements, instruments, documents and papers with the like power and effect as if the Comptroller had executed these documents in the performance of his statutory duties for LGAC.
2. The Deputy Comptroller formulates an overall investment strategy, and disseminates the approved investment strategy to the Investment Officers at monthly staff meetings in writing as minutes of the meeting and orally, and confirmed in writing, as required by changing economic and market conditions and resulting strategy. Copies of all such correspondence are provided to the Compliance Officer.
3. The Investment Officers implement the approved investment guidelines, making minor adjustments within the broader strategy as market conditions change, in the execution of their daily investment transactions commensurate with appropriate legal statutes, Bond Resolutions and policy considerations.
4. A legal opinion is obtained from LGAC's General Counsel when necessary.

INVESTMENT PROCEDURES

The following investment procedures have been established to ensure that the Corporation's investment policy has been implemented and that the objectives and standards of the portfolios under management are met.

A. Cash Position

1. Debt Management Staff, within the Office of Budget and Policy Analysis, will provide the Investment Officer with written instructions regarding the investment of all LGAC monies. Instructions will include both the amount to be invested and the term of the investment.
2. To assist Debt Management Staff in determining the current cash position of LGAC Funds, an Investment Officer will generate a report, from the investment

management system, detailing all LGAC maturing investments for the upcoming week. The report will include both maturing principal and any interest earnings.

B. Solicitation of Offerings/Bids

1. Based on the amount of funds, the duration of the availability of funds, the legal framework of the funds and LGAC's investment strategy, the Investment Officers solicit competitive offerings/bids from the approved list of Authorized Investment Bankers and Brokers.
2. As offerings/bids are solicited, the Investment Officers record them on their daily offering/bid sheets.
3. Once offerings/bids have been received from all interested Authorized Investment Bankers and Brokers, the Investment Officers determine which offering or offerings/bid or bids: (i) meets the maturity requirements of the funds; (ii) provides the greatest rate of return; (iii) fulfills the Corporation's investment strategy; (iv) provides collateral, if required, that meets the legal list of acceptable collateral and is in an amount sufficient to protect the amount of the investment; and (v) does not exceed the imposed Authorized Investment Banker and Broker limitation. (Note: If the Authorized Investment Banker and Broker limitation is exceeded, the Investment Officer must obtain a waiver signed by an authorized officer of the Corporation.)
4. Because of the limited timeframe in which an investment decision must be made, the Investment Officers decide which of the offerings/bids to accept.
5. The Investment Officers confirm the winning offering/bid telephonically with the appropriate Authorized Investment Banker or Broker and issue delivery instructions.
6. All investment transactions are entered in the internally maintained investment management system.
7. After the winning offering/bid is telephonically confirmed with the Authorized Investment Banker or Broker, the Investment Officer prepares an Investment Purchase and/or Sales Record.
8. The Investment Records are transferred to CMU staff who complete the processing of the trade to include notifying the Trustee via telefax of all trades.

C. Collateralization

The Corporation's financial interest in investments requiring security or collateralization must be fully secured or collateralized. The collateral shall be limited to obligations having the same or higher rating than the ratings of the obligations permissible for the Corporation's direct investments. The collateral shall be segregated in the Corporation's name and shall be in the custody of the Corporation or a third party custodian. The custodian shall be a member of the federal reserve system. The Custodian must have prior authorization from the public authority to deliver obligations and collateral. The Corporation shall not accept a pledge of a proportionate interest in a pool of collateral. For demand deposits, time deposits and certificates of deposit, collateralization is required for amounts over and above Federal Deposit Insurance Corporation coverage. The market value and the accrued interest of the collateral shall equal the value of the investment and any accrued interest at all times. The recorded value of the collateral shall be compared with the current market values (mark-to-market) at the time of initial investment, and thereafter at least monthly (or more often if the Corporation determines that volatile

market conditions exist), to be certain that the value of the collateral continues to be equal to the value of the investment plus accrued interest. The mark-to-market reviews shall use “bid” price from one constant source. The Corporation, in its discretion, may determine that it is desirable to require collateralization in excess of the market value at the time of the purchase. There shall be a written agreement (or agreements) which, among other things, specifies the circumstances under which collateral may be substituted and provides that the custodian is holding the securities solely for the benefit of the Corporation and that the custodian makes no claim thereto.

D. Investment Management Reporting

Staff of the Division of Pension Investment and Cash Management shall prepare reports to assist in the management of the Corporation’s investments. These reports shall include but not be limited to:

1. Current Portfolio by type of security (As Requested).
2. Income Projection Report (Weekly) - Interest received by type of security.
3. Earned Income Summary (As Requested) - Shows interest received and interest earned by security as well as the investment yield for a given period of time.
4. Broker Report (As Requested) - Breakdown of all trades by Authorized Investment Bankers and Brokers.
5. General Journal (As Requested) - Listing in chronological order of all trades by settlement date along with a summary of purchases, sales and maturities by type of security.

E. Internal Controls

1. The Deputy Comptroller for Pension Investment and Cash Management shall establish and maintain an internal control structure designed to ensure that LGAC’s investment assets are protected from loss, theft or misuse. The internal controls shall include procedures to address:
 - (i) Control of collusion;
 - (ii) Separation of transaction authority from accounting and recordkeeping;
 - (iii) Custodial safekeeping;
 - (iv) Avoidance of physical delivery securities;
 - (v) Clear delegation of authority to subordinate staff members;
 - (vi) Confirmation of transactions for investments and wire transfers;
and
 - (vii) Wire transfer agreements.
2. All investments will be registered in LGAC’s name if in book entry form or delivered to LGAC’s Corporate Trustee.
3. Whenever possible, investments will be made in book-entry form to avoid physical delivery of securities.
4. Those members of the Comptroller’s staff authorized to invest monies of the Common Retirement Fund and State funds (the “Investment Officers”) are also authorized to execute trades or direct the Trustee to execute trades on behalf of the Corporation.

5. On a daily basis, the sheets listing all offerings/bids received by the Investment Officers are reviewed and approved by either the Deputy Comptroller for Pension Investment and Cash Management, the Assistant Comptroller (Bureau of Equity and Fixed Income Investments) or the Director of Equity and Fixed Income Investments.
6. After the winning offering/bid is telephonically confirmed with the Authorized Investment Banker or Broker, an Investment Purchase and/or Sales Record is prepared by an Investment Officer. These Records will also be reviewed and initialed by either the Deputy Comptroller for Pension Investment and Cash Management, the Assistant Comptroller (Bureau of Equity and Fixed Income Investments) or the Director of Equity and Fixed Income Investments by the close of the business day.
7. All transactions are reported by the CMU to the Trustee, where the Fund's investments settle. The Trustee will not fund the investments unless the delivered securities conform to CMU's instructions.
8. All transactions are reviewed by the Division's Compliance Officer.
9. An annual inventory of all securities is conducted by an independent accounting firm. Other more specialized audits are performed throughout the year by internal auditors and independent auditors.
10. In accordance with Section 2925(3)(c) of the Public Authorities Law, all investments of LGAC funds must be made pursuant to a written contract except as provided below. Such written contract shall cover the matters set forth in items (1) through (4) of section 201.3 (c)(3)(ii)(F) of the Comptroller's regulations as promulgated on March 29, 2006. However, written contracts are not practical, nor is it a regular business practice to enter such contracts for permitted investments other than PSS's, and this requirement is hereby waived for permitted investments other than PSS's.

F. Procedures for Permitted Investments

All investments purchased by the Corporation must be delivered to its' Custodian against payment. In any purchase of securities, the Corporation's Custodian is instructed not to release funds to the seller until the securities are delivered according to instructions issued by the Corporation. In the case of investments that require collateral, the collateral must be delivered to the Custodian, deposited in a separate account in the name of the Corporation, be rated at least as high as securities approved for purchase by the Corporation and marked to market at the time of initial investment, and thereafter at least monthly (or more often if the Corporation determines that volatile market conditions exist), by the CMU to be certain that the value of the collateral is at least equal to the amount of the investment plus any accrued interest. In the event that collateral falls below the value of the investment plus accrued interest, additional collateral will be required from the seller to meet any deficiency. Custodial banks shall be required to report monthly or more frequently on activity occurring in the public authority's custodial account. There shall be at least monthly verifications of both the principal amount and the market values of all investments and collateral. Appropriate listings shall be obtained from the custodian and compared against the public authority's records.

In the case of Repurchase Agreements, the Corporation enters into signed agreements with its approved Dealers. The agreements cover delivery of securities, passage of

title and the value of the securities that must be maintained throughout the life of the investment, starting at 102 percent of the value of the investment plus accrued interest and going no lower than 100 percent and no higher than 104 percent.

CONFLICTS OF INTEREST

The Corporation and the Office of the State Comptroller are committed to honoring the highest professional standards of conduct. To this end, all employees of the Division of Pension Investment and Cash Management and the staff of the Bureau of Debt Management within the Office of Budget and Policy Analysis are provided with Policies and Procedures regarding professional standards of conduct. These Policies and Procedures are intended to prevent insider trading and the misuse of material non-public information and confidential information. All employees must also submit securities transaction disclosure forms on a semi-annual basis. These disclosure forms are filed with and reviewed by the Assistant Comptroller (Bureau of Equity and Fixed Income Investments) to assure compliance with the Policies and Procedures.

REQUIRED REPORTS

Internal Management Reporting

In accordance with Section 2925(5) of the Public Authorities, the Deputy Comptroller for Pension Investment and Cash Management, in conjunction with the Treasurer of the Corporation, shall cause to be prepared and filed with the Corporation's board of directors a quarterly report on any new investments, the inventory of existing investments and the selection of investment bankers, brokers, agents, dealers, or auditors.

Reporting to Oversight Agencies

Annually, in accordance with Sections 2925(6) and 2925(7) of the Public Authorities Law, and Part 201.3 as promulgated on March 29, 2006, the Corporation shall prepare:

1. an Investment Report for approval by the Board which shall include the following:
 - a) the Corporation's Investments Policy, Procedures, Reporting and Control Guidelines;
 - b) Amendments to the Guidelines since the last investment report;
 - c) an explanation of the Guidelines and Amendments;
 - d) the results of the annual independent audit of investments;
 - e) the investment income record of the Corporation; and
 - f) a list of the total fees, commissions or other charges paid to each Authorized Investment Banker or Broker, including Trustee fees, since the last Investment Report.

The Investment Report shall be submitted to the Division of the Budget and copies thereof shall be submitted to the Office of Budget and Policy Analysis of the Office of the State Comptroller, the Senate Finance Committee and the Assembly Ways and Means Committee. Copies of the Investment Report shall also be made available to the public upon reasonable request.

Performance Evaluation and Audit

The Corporation shall annually engage its financial statement auditor to perform an audit of investments to determine whether: the Corporation complies with its own investment policies; investment assets are adequately safeguarded; adequate accounts and records are maintained which accurately reflect all transactions and report on the disposition of Corporation investment assets; a system of adequate internal controls is maintained; the Corporation complied with the applicable laws, regulations, the State Comptroller's investment guideline requirements set forth in Part 201.3 as promulgated on March 29, 2006 and such public authority accounting directives as may be issued by the State Comptroller. The audit of investments shall be designed, to the extent practical, to satisfy both the common interests of the Corporation and the public officials accountable to others.

A written audit report shall be prepared presenting the results of the annual independent audit of all investments and shall include:

- (1) a description of the scope and objectives of the audit;
- (2) a statement attesting that the audit was conducted in accordance with generally accepted government auditing standards;
- (3) a description of any material weaknesses found in the internal controls;
- (4) a description of all non-compliance with the Corporation's own investment policies as well as applicable laws, regulations, the State Comptroller's investment guideline requirements for public authorities, and such public authority accounting directives as may be issued by the State Comptroller;
- (5) a statement of positive assurance of compliance on the items tested; and
- (6) a statement on any other material deficiency or finding identified during the audit not covered in (5) above.

Financial Statements

The Corporation's annual basic financial statements, which are required to be prepared in conformance with accounting principles generally accepted in the United States of America (GAAP), shall contain all note disclosures on deposits with financial institutions and investments required by the Governmental Accounting Standards Board (GASB) for the period covered by the basic financial statements. GASB has issued numerous Statements, Interpretations and Technical Bulletins establishing and clarifying investment reporting and disclosure requirements. The Corporation shall review and apply these standards and guidance as appropriate and in compliance with the requirements of Part 203.1 as promulgated on March 29, 2006 and public authority accounting directives as may be issued by the State Comptroller.

SECTION II

EXPLANATION OF THE CORPORATION'S INVESTMENT GUIDELINES (as re-approved by the Board pursuant to resolution 2007-14)

The "Investments Policy, Procedures, Reporting and Control Guidelines" of the New York Local Government Assistance Corporation most recently reapproved by the Board pursuant to resolution 2007-14, are based on the principles and precepts of investment safety and control contained in the Office of the State Comptroller's "Investment Guidelines for Public Authorities" as revised on March 29, 2006. The Corporation's Guidelines contained in Section I are the Corporation's Investment Guidelines which are currently in effect.

The Guidelines set forth the Corporation's statement of policy regarding the investment of corporate funds and the objectives of such investments. By the Guidelines, the Corporation's Directors have determined that the basic guide for the investment of corporate funds shall be the "prudent person rule" as further limited by statute, the Corporation's Bond Resolutions and the Payment Agreement between the Corporation and the Director of the Budget.

As indicated in the Guidelines, the Corporation's objectives for its investment program are to:

1. safeguard the investment principal from any imprudent risks as a primary objective;
2. obtain the maximum yield consistent with safety of principal;
3. develop a portfolio which will emphasize quality, flexibility, diversity, where possible, and marketability; and
4. maintain the tax-exempt status of the Corporation's debt.

There have been no amendments to the investment guidelines since they were last approved.

SECTION III

**NEW YORK LOCAL GOVERNMENT ASSISTANCE
CORPORATION**

INVESTMENT ACTIVITY

FISCAL YEAR ENDED MARCH 31, 2007

The New York Local Government Assistance Corporation received a total of \$10,575,804.49 in interest on its investments during the fiscal year ended March 31, 2007. Interest income for the Corporation's 2006-07 fiscal year were derived as follows:

<u>Fund or Account</u>	<u>Total Interest Income</u>
Capital Reserve Funds	\$ 9,617,786.64
Debt Service Funds	788,515.61
Operating Fund	<u>169,502.24</u>
	\$10,575,804.49

Interest received on the Debt Service Funds and the Capital Reserve Funds was used to meet a portion of the Corporation's debt service requirements during the period April 4, 2006 through April 2, 2007.

The Corporation had cash and invested assets of \$584.5 million at the end of the year, \$257.1 million of which represented amounts required for its April 2, 2007 debt service and swap payments. The investments held by the Corporation included U.S. Treasury Notes and Repurchase Agreements which are backed by U.S. Treasury Bills and/or U.S. Treasury Notes. A listing of the Corporation's invested assets by Fund is shown in Attachment A to this Report.

The Corporation utilized the services of eight qualified dealers for investment transactions during the 2006-07 fiscal year. All investments were awarded based on the highest yield to the Corporation.

The Corporation paid its trustee bank \$27,700 in fees related to investment transactions during the Corporation's 2006-07 fiscal year.

SECTION IV

**NEW YORK LOCAL GOVERNMENT ASSISTANCE
CORPORATION**

**INDEPENDENT AUDITORS' REPORT ON
INVESTMENTS**

MARCH 31, 2007

KPMG LLP
515 Broadway
Albany, NY 12207

Independent Accountants' Report on Investment Compliance

Board of Directors
New York Local Government Assistance Corporation:

We have examined the New York Local Government Assistance Corporation's (Corporation) compliance with Section 201.3 of Title Two of the Official Compilation of Codes, Rules, and Regulations of the State of New York during the year ended March 31, 2007. Management is responsible for the Corporation's compliance with those requirements. Our responsibility is to express an opinion on the Corporation's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence supporting the Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Corporation's compliance with specified requirements.

Our examination disclosed material noncompliance with Section 201.3 of Title Two of the *Official Compilation of Codes, Rules, and Regulations of the State of New York* as described in the attached Schedule of Findings and Responses.

In our opinion, except for the material noncompliance described in the preceding paragraph, the Corporation complied, in all material respects, with the aforementioned requirements during the year ended March 31, 2007.

In accordance with *Government Auditing Standards*, we are required to report findings of deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Corporation's compliance with Section 201.3 of Title Two of the *Official Compilation of Codes, Rules, and Regulations of the State of New York* and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Corporation complied with the aforementioned requirements and not for the purpose of expressing an opinion on the internal control over compliance with those requirements or other matters; accordingly, we express no such opinion. Our examination disclosed certain findings that are required to be reported under *Government Auditing Standards* and those findings, along with views of management, are described in the attached Schedule of Findings and Responses.

The Corporation's responses to the findings identified in our examination are described in the accompanying Schedule of Findings and Responses. We did not examine the Corporation's response and accordingly, we express no opinion on it.

This report is intended solely for the information and use of the board of directors, management of the Corporation, the New York State Legislature, the New York State Office of the State Comptroller, the New York State Division of the Budget, and the New York State Authority Budget Office and is not intended to be and should not be used by anyone other than those specified parties.

**New York Local Government Assistance Corporation
Schedule of Findings and Responses
For the Period Ended March 31, 2007**

Background

On March 29, 2006, the New York State Office of the State Comptroller issued revised and/or new regulations under statutory authority granted under the State Constitution, Public Authorities Law and State Finance Law. The requirements are codified under Section 201.3 of Title Two of the *Official Compilation of Codes, Rules and Regulations of the State of New York* (NYCRR). NYCRR Section 201.3 sets forth the investment guidelines and submission requirements of required documents and reports of covered public authorities. The regulations were effective on March 29, 2006.

Finding

The New York Local Government Assistance Corporation (Corporation) is a covered public authority and is required to comply with NYCRR Section 201.3. The Corporation has investment guidelines in place which have been approved by its Board of Directors. However, the changes necessary to conform with the revised and/or new regulations issued by the New York State Office of the State Comptroller noted above have not been incorporated into the investment guidelines that have been approved by the Corporation's Board of Directors and as such the Corporation is operating under investment guidelines that do not comply with NYCRR Section 201.3 as follows:

NYCRR Section	Description of Non-compliance
201.3(c)(3)(i)	Members of the governing board did not take an active role in the formulation of the investment policy during the year ended March 31, 2007 as evidenced by the Board not meeting to approve revised investment guidelines developed by Corporation staff which conformed with the new regulations.
201.3(c)(3)(ii)	The governing board did not evaluate the investment program by monitoring the system of internal controls, verifying relevant matters relating to the securities purchased or held as collateral at least semi-annually and on an unscheduled basis, determining how the investment results are consistent with the governing body's objectives, and reviewing any independent audits of the investment program.
201.3(c)(3)(iii)(B)	The Corporation's Board approved investment policy fails to address the term of each type of investment.
201.3(c)(3)(iii)(D)	<p>The Corporation's Board approved investment policy does not incorporate the following internal control provisions:</p> <ul style="list-style-type: none"> • Custodial safekeeping • Avoidance of physical delivery securities • Confirmation of transaction for investment and wire transfers • Wire transfer agreements

**New York Local Government Assistance Corporation
Schedule of Findings and Responses
For the Period Ended March 31, 2007**

NYCRR Section	Description of Non-compliance
201.3(c)(3)(iii)(E)	The Corporation has not established an approved listing of financial institutions for each investment type. The Corporation does have a listing of approved repurchase agreement dealers and associated limits. In addition, the Corporation's investments have been limited to repurchase agreements and U.S. Treasuries.
201.3(c)(3)(iii)(F)	<p>The Corporation's Board approved investment policy fails to include provisions that address:</p> <ul style="list-style-type: none"> • a method for valuing collateral and monitoring the valuation of such collateral, • a provision requiring the public authority to enter into a written contract for each investment.
201.3(c)(3)(iii)(I)	<p>The Corporation's board approved investment policy does not contain provisions that address that the Financial Statements shall contain all note disclosures on deposits with financial institutions and investments required by GASB.</p> <p>It was noted that the Corporation's financial statement contain all note disclosures on deposit with financial institutions and investments required by GASB.</p>
201.3(c)(3)(iii)(I)(4)	<p>The Corporation's board approved investment policy does not contain certain provisions that address the required operating procedures including:</p> <ul style="list-style-type: none"> • Custodial banks shall be required to report monthly or more frequently on activity occurring in the Corporation's custodial account • There shall be at least monthly verifications of both the principal amount and the market values of all investments and collateral. Appropriate listings shall be obtained from the custodian and compared against the Corporation's records.

**New York Local Government Assistance Corporation
Schedule of Findings and Responses
For the Period Ended March 31, 2007**

NYCRR Section	Description of Non-compliance
201.3(c)(3)(iii)(I)(5)	<p>The Corporation's board approved investment policy does not contain repurchase agreement procedures that address the following:</p> <ul style="list-style-type: none"> • Repurchase agreements can only purchased from banks and trust companies authorized to do business in the State of New York. • Repurchase agreements shall be for no more than 90 days and agreements which are "open" (continuing in nature) shall not be made. • The five specific element required for the master repurchase agreement with each broker dealer. • The Corporation or its custodian must take possession of the securities being purchased by physical delivery or book entry. • The custodian shall not be the same party that is selling the securities to the Corporation. • The custodial bank shall be a member of the Federal Reserve Bank or maintain accounts with member banks to accomplish book-entry transfer of securities to the credit of the Corporation.

The Corporation did not comply with the above guidelines as a result of the Board of Directors not meeting since July 2006 at which meeting the Board of Directors only approved the Corporation's financial statements. The absence of regular Board meetings to approve and oversee the investment polices and procedures of the Corporation is considered a material weakness in internal control over investment compliance. We recommend that the Board of Directors meet on a regular basis to approve and/or oversee the investment policies and procedures of the Corporation.

Management's Response

The Corporation's Board of Directors was expanded by law from three to seven members effective January 13, 2006 as part of the Public Authorities Accountability Act of 2005. The statutory expansion of the Board of Directors resulted in a majority of the Board of Director's positions being vacant. A majority of the members of the Corporation's Board of Directors are appointed by the Governor to a term that expires with the term of Governor. Appointments to the Board of Directors were made in late 2006 and were for a short period of time because those members' terms expired with the term of the Governor making the appointment. As a result of the expansion of the Board of Directors and the conclusion of the term of the Governor who appointed them, the Corporation's Board of Directors has been in an extended period of transition. During this period of transition, the staff of the Corporation have prepared draft amendments to the Corporation's investment guidelines to reflect amendments required by Section 201.3 of the *Official Compilation of Codes, Rules and Regulations of the State of New York* (Section 201.3 of 2 NYCRR) for the Board to consider for adoption. Management believes the compliance findings above will be remediated upon adoption by the Board of amendments to the Corporation's investment guidelines that conform to the requirements of Section 201.3 of 2 NYCRR at the Board's next meeting which is expected to occur prior to the end of July 2007.
